

Virtual

Date: June 3, 2020 Time: 4:45-6:15 PM EDT

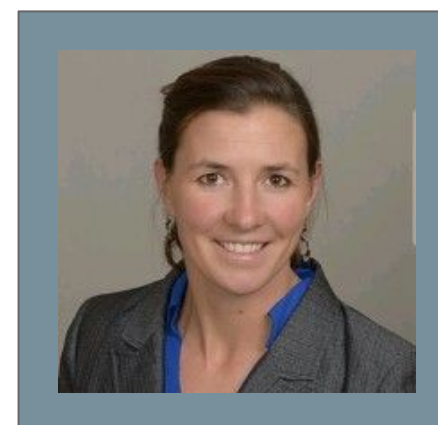

Registration Link: https://zoom.us/meeting/register/tJEocOysqD8oGtbrZPeXKVCm_tjclehLsgzi

The Maddaus team is back for **Part 2: Extending a Virtual Hand to a Large Audience!** Join us as we utilize the skills from Part 1 to engage the public in this new virtual age.

Michelle Maddaus is a registered civil engineer in California and has a wide variety of work experience in the water resources field.

Annikki Chamberlain is a Water Resource Analyst and Training Specialist with 12 years of experience in many facets of water management, including water supply, watershed and climate science, wastewater treatment, and water policy.

Lisa Maddaus is a senior water resources engineer with experience preparing water resources planning studies for water suppliers across the country.

For more information contact Megan Livak: MLivak@wef.org
